

The background of the top half of the page is white. It features several stylized fence post icons. Each icon consists of three vertical grey posts of increasing height from left to right, with a red shadow cast to the left. There are ten such icons scattered across the white background. In the center, the text 'MODERN' is in large, bold, black capital letters, and 'FENCE SUPPLIES' is in smaller, bold, red capital letters below it.

## BEYOND THE FENCE... OUR STORY

Modern Fence Supplies began in 2021 with a clear purpose: to offer smarter, more specific, and accessible fencing solutions for homeowners and trade professionals across New Zealand. From day one, we've believed that fences and every component that goes into them do more than just mark boundaries, they bring ideas to life and add lasting value and character to any property.

We started with a simple question:

*"Why is it hard to find modern, customisable fence solutions without paying a premium or having to force off-the-shelf options to fit?"* That question led us to create a better way, one that starts by listening and ends with delivering tailored, practical solutions that make your project smoother from start to finish.

At Modern Fence Supplies, we focus exclusively on wholesale fencing and associated components. All our energy goes into offering high-quality, easy-to-install panels designed to look sharp and built to last.

Whether you're a hands on DIYer or a seasoned trade, we've got options to suit: from flat-pack kits for cost-effective installs to pre-assembled panels for speed and simplicity.

We understand that every fencing project is unique, and so are our customers. That's why we offer custom sizing and engineering minded solutions that big chain stores can't always match. We don't just supply fences and gates - we solve what's on either side of them. It's all part of our commitment to thinking beyond the fence line and delivering solutions that truly fit your vision.

From our warehouse to your gate line, we ship NZ wide. Still thinking you may also need an installer? While installing isn't our game, we've built strong connections across the industry and can connect you with trusted professionals to get the job done right.

Because at the end of the day, it's not just about selling fence panels, it's about building solid fences with stronger connections together.

## OUR APPROACH & DIFFERENCE . . .

### **We Listen First - Then Deliver With Purpose:**

We take the time to truly understand the needs behind every request – whether from customers, teammates, or partners. By listening first, we build trust, uncover the real problems, and deliver solutions that hit the mark, so we're all aligned on the same fence line. Because real results come from real understanding.

### **We Dont Just Show Up - We Commit:**

Our team is fuelled by purpose and powered by persistence. We tackle every challenge with dedication and a relentless drive to deliver results that matter. Whether it's after hours, complex problems, or bold designs we bring the energy and endurance to go the distance, because "good enough" is never enough.

### **Service With Empathy:**

We approach every interaction with professionalism, respect, and a genuine desire to help. Being approachable and responsive isn't just good etiquette - it's essential to how we build lasting, respectful relationships with clients and colleagues alike.

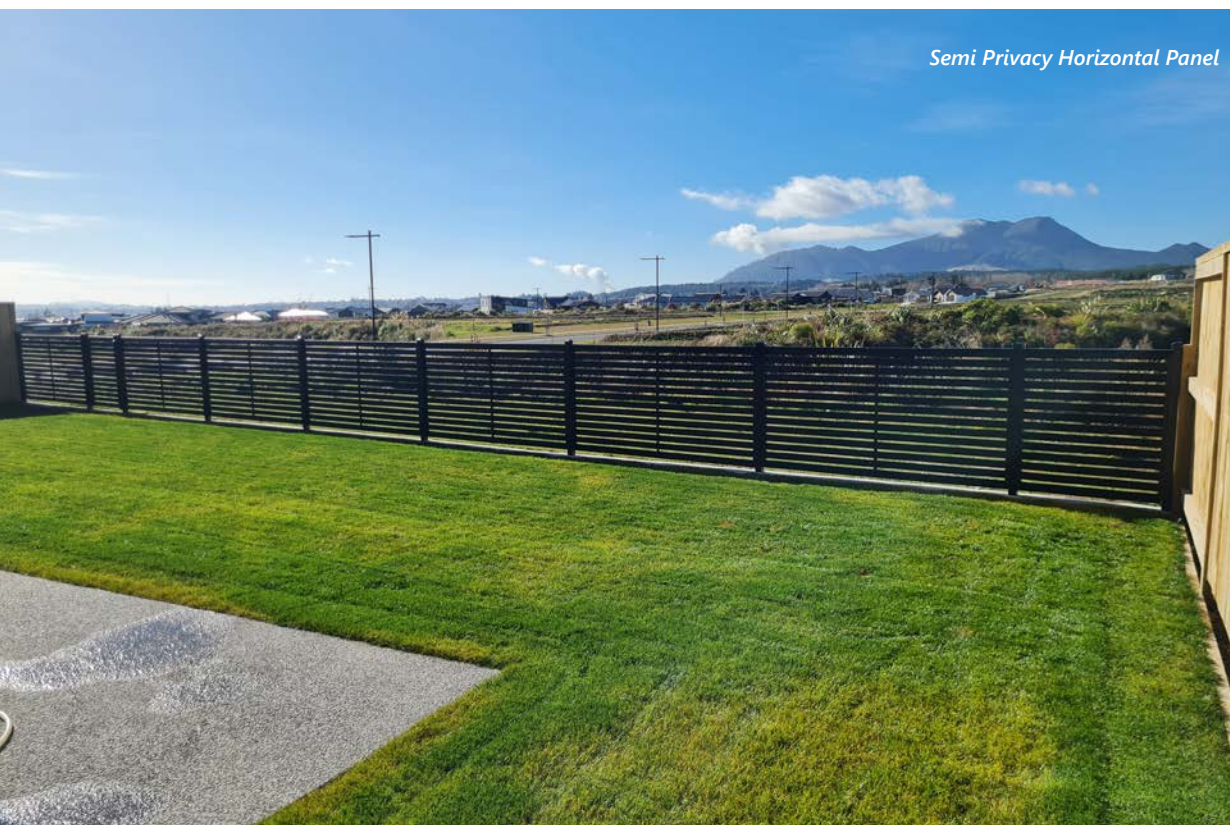

### **"Beyond" The Fence Thinking**

We don't just supply fencing – we solve what's on either side of it. Every project is unique, and so are the challenges. That's why we bring resourceful thinking and practical solutions to the table, whether it's a tricky terrain, a tight timeline, or a custom build. We're not boxed in by convention – we look beyond the fence line to deliver smarter & stronger results for our customers.

### **Just Like a Great Fence, a Strong Team Relies on Solid Connections**

We believe that a well aligned team is the foundation of notable service. In our store, every interaction, whether it's coordinating an order, answering a question, or managing inventory – is backed by mutual respect, clear communication, and a shared commitment to getting it right. When we collaborate seamlessly behind the scenes, our customers and trades experience confidence and consistency out front.

# Security Range

*"Quality Security Fence Panels for  
Enhanced Safety and Peace of Mind"*

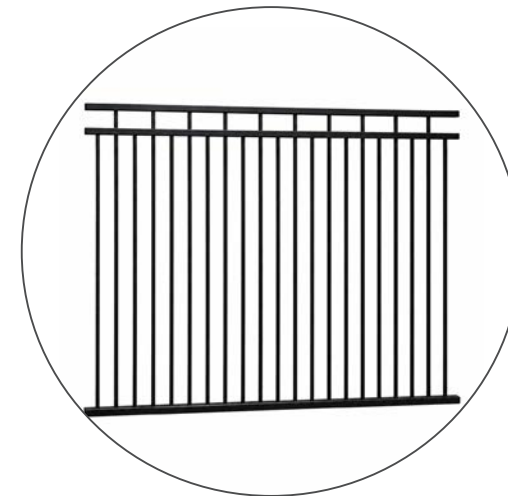

Our premium security panels are renowned for their exceptional durability, offering the ultimate solution for safeguarding residential, commercial, and industrial spaces ensuring you complete peace of mind.

Constructed from top-grade aluminium that meets New Zealand standards, our panels offer reliable performance and lasting durability, far surpassing traditional chainlink and barbed wire fencing in its looks.

Available in both fixed and rakeable options, the panels effortlessly conform to any landscape, ensuring a flawless fit.

We offer convenient shipping throughout NZ (additional shipping costs apply), with the option to receive panels as a flat-pack kit or pre-assembled for your convenience.

## STRONG

Using Proven Structural integrity in its design, lending itself well to New Zealand Conditions to give you peace of mind for securing your home.

## DURABLE

Class leading scratch resistance for NZ & Australian Steel panel fencing, designed to handle the harsh climates.

## SMART

Combining the beautiful characters and warmth of timber, with the strength and durability of steel to change the way we feel in our backyards.

## All Gate Types

At Modern Fence Supplies, we know a gate is more than just an entry point, it's an essential feature that enhances security, improves functionality, and elevates the overall look of your fencing project, helping define your landscape.

Whether you're looking for a sturdy, reliable gate to secure your property or a stylish, custom design that complements your space, we offer a wide range of options to suit your needs. From swing/sliding gates, cantilever to automated and custom solutions, our gates are crafted from high-quality aluminium, ensuring durability, ease of use, and long-lasting performance. Let us help you find the perfect gate to complete your fencing project with both practicality and style.

We specialise in the following gates:

Cantilever  
Sliding + Swing  
Pedestrian  
Custom Designs

## *Introduction*

Modern Fence Supplies Ltd is proud to partner with Key Automation Australia as the official New Zealand stockist and distributor of premium Italian-made automation solutions.

Our carefully curated range includes advanced gate automation systems, barrier and boom gate arms, and high-performance LED outdoor lighting. Each product is engineered to deliver a seamless balance of durability, functionality, and refined design, enhancing both the performance and visual appeal of your outdoor fencing projects.

Manufactured in Italy to the highest testing standards, our automation solutions provide exceptional security, reliability, and ease of use. We invite you to explore our comprehensive range of products, specifications, and accessories, all thoughtfully designed to meet the unique requirements of your project.

*"Innovative, Secure and Practical Automatic Gate Solutions"*

Please note that all stock carried for Automation products are not listed please contact us if there is a particular item you may require or check our website.

# Hardware + Accessories

At Modern Fence Supplies, we understand that the details make all the difference. We offer a wide range of accessories & high-quality hardware products. We have our own range but also use trusted brands like Safetech & D&D Technologies

While not all products are listed in our brochure, please feel free to contact us with your specific needs or check our website – we're confident we can accommodate you.

 **D&D Technologies**  
World's most trusted gate hardware

## Additional Information | Warranty | Shipping

At Modern Fence, we believe there are no limits when it comes to the products available for your projects. If you've seen a particular style or product you'd like to incorporate, don't hesitate to reach out. We can source and customize a wide range of options not featured in our brochure or online, depending on availability and project timelines. Please note that all listed prices are retail, for trade pricing, simply visit our website's trade portal for your exclusive rates.

### Warranty Information

Modern Fence Supplies (MFS), carries the warranties on our products. See quick guidelines below, for more detailed information, please visit our Warranty Information section on our website.

<https://www.modernfencesupplies.co.nz/warranty/>
